Thursday, June 18, 2015

11:00am – 12:00 pm

Meeting Summary

Dear Tribal Leader letter update

The Executive Secretariat pushed it the Principal Deputy Assistant Secretary of PMB Kris Sarri for signature hopefully today or tomorrow.

- Montana Letter update

- One edit was to remove the join the MSG part because they aren't considering joining the MSG
- Our work with the States and Montana opting-in can be reflected in this report however its something that we will be added to next year's report.
 - If we get data after the first report it could be added to the website, perhaps quarterly.
- We now need to start thinking who's next:
 - Veronica Slajer suggested that Alaska would be good to target and they are interested

County outreach update

- Creation of County Working Group
 - Chris, Ryan, Mia, and Johanna
 - The work group would be responsible for following up with the counties and make sure that the data is accurate.
 - If there is additional data, then we will need discussions on the inclusion of additional data.
 - The script would say we couldn't find data on X do you have any of this data?
 - It was suggested that the first email shouldn't have the full data, because we don't want to just drop all this data on the counties. We could say something like the report data will be forthcoming.
 - Who would sign the email?
 - Should come from the Government, possibly the secretariat
 - Mike Matthews met with Pete Obermueller- Executive Director Wyoming County Commissioners Office
 - Mike was cultivating the resource and they did say that they were open to being contacted in the future
 - Counties may not be totally comfortable or it may take time for them to review it, so we should probably discuss how to handle their portrayal.

Other business?

- No other business
